

AGYINASARE  
WORLD EVANGELISM

# *1983-2018.*

It has been over three decades since God commissioned me into a miracle ministry, when He said, “My boy Charles, I send you out as I sent Moses; go and I will put My words in your lips, and reach the world for Me. I give unto you power over demons and principalities. Heal the sick, raise the dead, preach the kingdom”. As much as I can, I have not been disobedient to the heavenly call, and have since set out to evangelise the world with the love and undeniable power of God. By the grace of God, I have been to 117 nations of the world, and have preached in 88 of them. As a result, on my 35th year in a miracle ministry, the Lord laid on my heart to initiate the Festival of Miracles, my evangelistic campaigns, which will be held not only in Ghana but around the world.

So far, this year, four Festivals have taken place, three in Ghana, and one in the Middle East. With the exception of Accra, in each city we went to, we held a Supernatural Empowerment Summit to equip pastors and leaders to carry this same anointing to impact their world.

# Accra

With a population of 2.27 million, Accra is the most populous city in Ghana, and is the nation's economic hub. And even though Christianity has made great strides in the nation, there are still approximately 400,000 precious people who have identified themselves as 100% not Christian, and countless others are statistically nominal, not practising, Christians. But since the Commission was for us to go everywhere the lost are, I was led to start from home!

We organised a medical outreach and party for the less privileged which fed, clothed and treated over 5,000 adults and children who came with different ailments.

The Independence Square was filled to capacity, and over 10,000 surrendered their lives to Christ and got born again.

Many mighty miracles and healings also took place to the glory of God!

# Tamale

The Capital of the Northern Region in Ghana, Tamale has a population of 360,579, and is the fastest growing city in West Africa. Tamale is predominantly Muslim and this is reflected in the multitudes of mosques sprawled around the city.

The Jubilee Park was jammed with multitudes of souls. By the last night, about 10,000 people had received Christ.

Hundreds of miracles and healings took place, and Tamale was shaken for Jesus!

Altar Call

# Cape Coast

The city of Cape Coast, with a population of about 170,000, had a surprising darkness, with a high rate of illiteracy among the locals, even greater ignorance about Jesus Christ, salvation, or the kingdom of God, and a staggering rate of immorality.

2000 adults and children received medical treatment over 3 days.

Tens of thousands were in attendance during the 4 nights of the Festival, among which 2,700 filled decision forms.

Each night God healed so many sick and infirm by His miracle working power.

Altar Call

# Pakistan

With 27 million people, Karachi is the financial capital of Pakistan and the 3rd largest city in the world.

There are almost 7% Christians in Karachi, but they are oppressed and persecuted for their faith, and many of them have been martyred and their churches have been

There was a social outreach that catered to hundreds of natives.

The Korangi grounds for the campaign was filled to overflowing in all three nights at the Festival of Miracles, out of which 16,000 gave their lives to Jesus.

There were also more than 500 people who were healed instantly, along with other miraculous manifestations.

Your monthly partnership gift to Agyinasare World Evangelism would allow us to:

- *Support the crusades and campaigns that take the gospel to thousands of lost souls around the world*
- *Carry out medical mission to the sick and hurting in those communities as well as supply basic food items and clothes to these communities.*
- *To help us raise and equip Christian ministers who spread the gospel in their various communities.*
